

Stat 220, Unit 3: 200 house prices

Round 1: close your eyes and point at **one** price. Write it down.

Round 2: pick **ten** at random and write down their *average*.

Then put a sticky note in the right bin on the board.

227,000	112,000	169,000	196,000	292,000	204,000	101,000	338,000
